Other	GNU/Linux

## Experience

---

Current, since December 2014	<b>Global Ambassador at Duolingo</b> <i>Free Language Education, Voluntary Work</i> Been on the team for the <i>Swedish for English speakers</i> course since late 2014. The course has more than four million learners as of October 2017. Other than creating the course, I've hosted meetups for Duolingo in Stockholm and London in 2017.
June - August 2017	<b>Summer Tech Intern at Hult International Business School, London</b> <i>Software Development</i> Internship over the summer of 2017. Tasks included frontend development on a web portal for Ashridge Executive Education, RESTful APIs for the Ashridge website as well as investigating how student visa applications could be automated for the US.
January - March 2017	<b>Teaching Assistant at KTH, Stockholm</b> <i>Software Development</i> Teaching assistant for the KTH Software Academy project teaching educated migrants the basics of software development to facilitate their entry on the Swedish tech job market.

## Select Work

---

January - May 2016	<b>WikiPageStats</b> <a href="https://github.com/wikimedia/analytics-wikipagestats">github.com/wikimedia/analytics-wikipagestats</a> Developed a tool for displaying page view statistics from <i>Wikimedia</i> projects using their then newly released Pageview API for <i>Wikimedia Sverige</i> . The tool was developed using HTML, CSS, JavaScript, AngularJS, and Highcharts. The project was done as part of the course <i>Software Engineering</i> at KTH Royal Institute of Technology for which it received top grade.
--------------------	--
