Technical Skills

Programming Languages	Python, Java, C#, JavaScript, C
Other Languages	HTML, CSS, SQL, LaTeX
Frameworks etc.	.NET Core, Salesforce (Apex), ReactJS, Android
Version Control	Git
Other Skills	GNU/Linux

Experience

Jun - Aug 2018

Software Developer at EF English First
Shanghai, China

As part of a project to migrate existing consumer-facing phone apps to WeChat miniprograms for the Chinese market, I was in charge of several RESTful APIs on a Salesforce backend. I was part of the project from beginning until the start of UAT.

Dec 2014 - Aug 2018

Global Ambassador at Duolingo
Globally, Voluntary Work

Been on the team for the Swedish for English speakers course since late 2014. The course has more than four million learners as of October 2017. Other than creating the course, I've hosted meetups for Duolingo in Stockholm and London in 2017.

Jun - Aug 2017

Summer Tech Intern at Hult International Business School
London, UK

Internship over the summer of 2017. Tasks included frontend development on a web portal for Ashridge Executive Education, RESTful APIs for the Ashridge website as well as investigating how the process of student visa applications during transfers could be improved and/or automated.

Jan - Mar 2017

Teaching Assistant at KTH
Stockholm, Sweden

Teaching assistant for the KTH Software Academy project teaching educated migrants the basics of software development to facilitate their entry on the Swedish tech job market.

Select Work

January - May 2016

WikiPageStats
github.com/wikimedia/analytics-wikipagestats

Developed a tool for displaying page view statistics from Wikimedia for Wikimedia Sverige. The project was done as part of the course Software Engineering at KTH Royal Institute of Technology for which it received top grade.

Education

2014 - 2019	**KTH Royal Institute of Technology**, Stockholm Master of Science in **Computer Science and Engineering**
June 2017	**KTH Royal Institute of Technology**, Stockholm Bachelor of Science in **Computer Science and Engineering** Thesis: "Practical analysis of the Precision Time Protocol under different types of system load"
June 2013	**Uppsala University**, Uppsala Courses in **French, Russian, and linguistics**
